

PREAMBLE TO THE CODE

1. The mission of South Tech Preparatory Academy, Inc. is to provide each student with rigorous and relevant instruction, meeting individual career goals, enabling students to be successful in a diverse and changing workforce, and benefiting the community through the efforts of a highly skilled and dedicated staff in an environment uniquely suited to student success.
2. The business community demands a graduating high school population prepared to enter the workforce. The traditional high school fails to produce that product, and the focus in such schools is college preparation. South Tech Preparatory Academy, Inc., however, will concentrate on the development of students ready to succeed in career academy programs that will enable them to enter the workforce immediately following graduation, into high wage, high demand employment without compromising a comprehensive academic education and the cultivation of productive citizenship.

The foundation of the program is career preparation. Academics provide the structure, and citizenship skills provide the mortar that connects and stabilizes the entire process. Fulfillment of this philosophy is the cornerstone that inspires students and staff members on a daily basis. Continuously woven throughout the proposed program for this charter school are the three strands of career preparation, academics, and citizenship.

A notification will be sent to Board members upon submission of the subject document, and, in the case of grants and other revenue, a request for a vote of acceptance upon the award of said resource(s) to the SouthTech Schools System, in whole or in part. Reports, contracts, agreements, and other business-related documents would be brought before the Board for a ratification vote at the next pending Board Meeting. The sole purpose of this operational action is to better the School or System and directly benefit students or staff in situations where time or resources would otherwise negate a timely resolution. Article VII

Voting Body

The SAC is the formal council that is responsible for voting upon and implementing the decisions for the organization. The SAC will be comprised of an elected membership and will require a quorum if any formal action is to be taken. A quorum is a majority (50% + 1) of the SAC membership.

All SAC members will receive at least three (3) business days' notice in writing of any matter that is scheduled to come before the SAC for a vote.

SCHOOL ADVISORY COUNCIL

Committees-- Committees are formed to research and make recommendations regarding specific areas that affect the organization. Committees may be constituted in several configurations.

1. **Standing Committees**-- Standing committees are created for long-term, on-going functions and are expected to schedule regular meetings. The standing committees focus on "large" issues, such as school safety, curriculum, professional development or student needs. The SAC chairperson will appoint the chairperson of a standing committee. A standing committee will study issues and make recommendations to the voting body.
2. **Ad Hoc Committee - (Task Force)**-- These committees are formed to deal with specific, short-term concerns that are not appropriately assigned to the standing committees. An example of an ad hoc committee would be a uniform committee, a committee formed to deal with a bus problem, etc.

If the standing committees are properly organized, the need for Ad Hoc committees should be infrequent.

The use of various sub-committees serves several functions. It will allow greater participation of those who wish to serve, while limiting the actual voting membership of the SAC to a manageable number. Additional benefits include a wider variety of ideas and greater sense of ownership by the constituents.

Article VIII

Rules of Order

Section 1: SAC decisions shall be reached by a majority vote.

Section 2: The SAC need not operate under Parliamentary Procedures such as Robert's Rules of Order. However, rules that will be used to govern decision-making must be specified.

Consensus

Section 1: Voting on any item can only occur when a quorum (50%+1) of the membership is present. A majority vote of the membership quorum is required to decide any item put to a vote. SAC members with an excused absence may vote by proxy via telephone, e-mail or mail by notifying the Secretary/Treasurer or Chairman prior to the meeting.

Section 2: SAC members will be given at least three days notice of any item (other than SAC minutes) requiring a vote.

Article IX

Amendments

Section 1: The bylaws may be amended at any regular meeting of the SAC committee by a two-thirds majority of the members present and voting. Written notice to the members of the proposed amendment shall be thirty days prior to the meeting at which it is to be voted upon. A quorum is required at any meeting for action to be taken. All SAC meetings shall be held in accordance with Fla. Stat. § 286.011 – "Public meetings and records; public inspection."

Section 2: A committee shall be appointed to review, and when appropriate, recommend revisions to the Council By-Laws at least once every three years. The adoption of revised By-Laws shall follow the procedure for amendments.

1. This policy is intended to implement the Federal Equal Access Act, 20 U.S.C. §§ 4071, et. Seq., and the First Amendment of the U.S. Constitution. South Tech Preparatory Academy, Inc. believes that it is important for students to learn the meaning and practice of freedom of speech while in school, in order that as future citizens they will appreciate the proper exercise of this vital liberty. In adopting this policy, the Academy does not forgo its authority to maintain an orderly and disciplined school environment. South Tech Preparatory Academy, Inc. may provide a limited public forum for student groups to meet to engage in speech, subject to the following restrictions.
2. Student activities are the direct responsibility of the Secondary School Principal. The Academy recognizes two types of clubs that may meet in school facilities:

- a. School Curriculum Related Clubs. A faculty sponsor will be appointed for school curriculum related clubs and the club will function in accordance with the guidelines as set forth below:

A student group is curriculum related if it meets one or more of the following criteria:

- ii. Subject matter of the group concerns the body of courses as a whole – i.e., student government, National Honor Society.
- iii. Participation in the group is required for a particular course.

 - i. Students shall be permitted to meet during non-instructional time, including before or after school, during lunch or other non-instructional times. However, no student shall be present at a meeting when he or she has a class or is required by school rules to be elsewhere. This includes any time during which the school requires the particular student or all students to be off school property or outside the school building.
 - ii. All meetings will be student-initiated and open to all students in the school. Attendance shall be voluntary.
 - iii. No meeting may include any activity that is unlawful or that materially and substantially interferes with the orderly conduct of educational activities within the school. No club initiation will include hazing or other forms of harassment.
 - iv. The content of these meetings must not be sponsored by South Tech Preparatory Academy, Inc., Inc. or its staff. The Academy is to remain neutral as to the content of these meetings, if the meetings comply with paragraphs (b) ii, and iii.
 - v. Students may invite outside speakers subject to paragraphs (b) ii, iii, and iv.
 - vi. Students wishing to meet, pursuant to this policy, must file a written request, within two weeks of the event, with the Deputy Superintendent that includes the following:
 1. the room location and time of the meeting.
 2. the name of the student who will serve as the contact between the group and school authorities.
 3. the name of the person who will chaperone.
 4. the nature and purpose of the meeting
- c. The person selected to chaperone shall not participate in, direct, or control activities of the club. Failure to observe these limitations will be deemed a violation of this policy and may subject the employee to disciplinary action.
- d. The Deputy Superintendent shall approve a meeting request if it meets the requirements of this policy and shall notify the Superintendent or Management Company Representative, Administrative Staff, and student contact person of approval. If the request does not meet the requirements of this policy, the reasons for disapproval must be given within three (3) business days of receiving the request. Once

approved, a student group may continue to meet for the remainder of the school year, unless activities of the club violate this policy.

3. Pursuant to FS 232.40, it shall be unlawful for any student to be a member of, to join or to become a member of or to pledge himself or herself to become a member of any secret fraternity or sorority or group wholly or partly formed from the membership of pupils attending such public schools or to take part in the organization or formation of such fraternity, sorority or secret society; provided that this shall not be construed to prevent any pupil from belonging to any organization fostered and promoted by school authorities; or which is first approved and accepted by school authorities and whose membership is selected on the basis of good character, good scholarship, leadership ability and achievement.
4. All approved student clubs shall have the same access to meeting space, listing in the student handbook, school newspaper, website, yearbook and bulletin boards. Clubs can advertise meetings and events on the school public address system. Announcements shall be limited to the name of the club/event, the date, time and location, and a brief statement about the agenda or speaker. The Superintendent or Management Company Representative, Principal or Deputy Superintendent must approve all announcements and grant signatory approval prior to placement on the announcement agenda. Posters and signs are not allowed.

RELIGIOUS FREEDOM

1. The Governing Board recognizes that employees and students have the right to freely practice their religion and engage in religious activities on their own time outside of school activities and functions. It must not be hostile to or supportive of any religion, although it must, if possible, accommodate the religious practices and beliefs of all employees and students.
2. This policy of neutrality on religion should not be perceived as conveying a message of endorsement or disapproval of any or all religions or religious organizations, or of those holding religious beliefs.
3. In keeping with this policy of neutrality, Board employees cannot in their official Board capacities:
 - a. Encourage or discourage student participation in religious activities, clubs, education or services;
 - b. Advance or disparage any religion or religious belief;

4. Because of their special relationship to their students, school administrators and teachers must at all times be mindful of their roles and not use their position to advance or disparage any religion or religious belief. School facilities and property may not be used in any manner which would be perceived as endorsement or disapproval by the Board of any religion or religious belief.
5. No form of religious or non-religious expression may include any activity that is unlawful or that materially and substantially interferes with the orderly conduct of educational activities of the school.

SCHOOL REQUESTS OF PAYMENT FROM STUDENTS

A. Purpose

1. South Tech Preparatory Academy, Inc. acknowledges the provisions within Article IX, Sec. 1 of the Florida Constitution, which state, in relevant part, as follows:

The education of children is a fundamental value of the people of the State of Florida. It is, therefore, a paramount duty for the state to make adequate provision of the education of all children residing within its borders. Adequate provision shall be made by law for a uniform, efficient, safe, secure, and high quality system of free public schools that allows students to obtain a high quality education

The Governing Board affirms the state's duty to make adequate provision for this education for every student in the K-12 public school system, subject to the requirements of Florida and federal laws.

Policy 2.10 is intended to provide guidelines for interpretation of a portion of this constitutional provision and the relevant laws. Policy 2.10 neither adds nor removes the obligation that adequate provision is made by law to provide a uniform system of free public schools, but merely provides guidance for implementation, enforcement and compliance therewith.

2. No fee or charge may be required of any student as a condition of attendance and participation for credit in any class unless authorized under § 228.061, Fla. Stat., or any other federal or state statutes. The Superintendent is permitted to request, as set forth in § A-5 herein, students voluntarily purchase certain items or voluntarily pay to participate in an activity, which may aid in their learning. If a custodial parent/guardian does not make a voluntary payment to purchase a particular item, consumable or otherwise, or does not pay for an activity, and if the item is used and/or the activity is maintained, South Tech Preparatory Academy, Inc. shall provide this item or activity without cost to the student of that custodial parent/guardian, or may choose to forgo use of the item or engaging in the activity as part of the instructional program. The Academy is required to provide technical and other resources at the school center for student use.
3. The basic supplies students need to complete work, such as paper, pens, pencils, notebooks, and rulers, are the responsibility of the parent or guardian and are not subject to the limitations of this policy.
4. There are items or activities that may be part of the regular curriculum of the school or courses where students may be requested, as set forth in § A-5 herein, to pay fees based upon associated costs. This policy identifies these costs, which may be requested of a student, as set forth in § A-5 herein, and are an addition to those otherwise allowed by law, if any.
5. *Any request for money from a student shall be in writing, addressed to the student's parent or legal guardian, and shall clearly state: (a) no penalty of any type will be imposed against the student based upon a failure to pay; (b) no student will be denied the right to participate for failure to pay; (c) the principal may forgo a planned activity or use of a particular item based upon the collection of insufficient funds to cover the cost of the item or activity; and (d) this request is for a voluntary payment.* This notice shall also be provided in the Academy's or students' handbooks, or addendum thereto, which is published and distributed to all students at the beginning of each school year.
6. The Superintendent, Principal, assistant principals and teachers shall be notified of this policy.
7. This policy does not apply to the purchase of uniforms by students attending enrolled in programs requiring uniforms or particular clothing for attendance.

1. Students may be requested to pay the costs of materials used for a take-home project. Such charges must be based on the actual cost of the materials and are subject to § A-5 herein.

4. Field trips, both off-school grounds and in-school field trips are intended to enrich the educational experience of students and shall be related to the curriculum. The Academy is permitted to request, subject to § A-5 herein, direct payments from students for field trip activity occurring during school hours. If a custodial parent/guardian does not pay for the field trip, the student shall not be denied the opportunity to participate, and the school shall arrange for the student to attend without payment, provided other prerequisites (such as parental permission) have been met. The Superintendent may forgo a planned field trip based on insufficient payments to cover the cost of the field trip.
5. When students are given reading assignments not included in the textbooks, or other materials provided for all students use, adequate copies of these supplemental books and materials, and/or adequate technological equipment shall be available for use or loan in the school center or some other reasonably accessible location. Certain individual projects (such as book reports and term papers) may require use of reading materials available at a public library.
 - a. The Academy may, subject to § A-5 herein, offer to sell students books for the reading assignments. Purchase of these materials, is an option and shall not be required in order for a student to complete an assignment.
 - b. Charges for these materials shall be based on cost to the Academy.
 - c. These books/materials may be made available to students for purchase at school, i.e. book fairs.
6. Students who choose to complete an enhanced project, which costs more than the minimum cost of a class project, may be charged the cost of the additional materials. The choice of an enhanced or regular class project will not result in a higher grade for the student choosing an enhanced project.
7. Cap and gown sales/rentals are appropriate, although no student shall be denied an opportunity to participate in graduation ceremonies by virtue of inability to pay for cap and gown sales/rentals.
8. Students may be requested to pay fees for the cost of rental and cleaning of uniforms needed for extracurricular programs occurring outside of regular school hours.
9. If a student loses or damages School property, including library books and textbooks loaned to said student, said student shall be required to pay for, replace or repair said Academy property.
10. Students may be charged a modest fee for library books returned late.

SCHOOL REQUESTS OF PAYMENT FROM STUDENTS

11. As applicable, the Academy may furnish either a book locker and/or a physical education locker for each student. The student should have the opportunity to purchase or rent such locks at the school's cost.
12. School parking fees may be charged

C. Voluntary and Extracurricular Activities

1. Extracurricular activities are not considered a part of this policy, and costs associated with these activities may be charged to the student.

 - c. The Governing Board is not required to notify parents of the students taught by teachers who are deemed highly qualified via the HOUSSE plan that the teacher does not have certification in the core content area.
3. **Applicability -**
 - a. The HOUSSE plan is applicable to, but not limited to, the following types of teaching assignments:

FAMILY AND MEDICAL LEAVE POLICY

1. GENERAL. The South Tech Preparatory Academy, Inc. Governing Board will provide, to qualified employees, family and medical leave pursuant to the provisions of the 1993 Family Medical Leave Act ("FMLA"). FMLA leave is intended to allow employees to balance their work and family life by taking reasonable paid and/or unpaid leave for personal serious health conditions, for the birth or adoption of a child, and for the care of a child, spouse, or parent who has a serious health condition. During the period of FMLA leave entitlement, the Board will continue to provide paid health insurance for the employee.
2. FMLA leave shall be granted to eligible employees pursuant to the following criteria.
 - a. "Eligible Employees" are those employees who:
 - i. Have been employed for at least twelve (12) months by South Tech Preparatory Academy, Inc., and
 - ii. Have at least one thousand two hundred fifty (1,250) hours of service with the Board during the twelve (12) months prior to the requested leave.
 - b. Employees meeting the requirements of paragraph 2(a) shall be entitled to a total of twelve (12) weeks of FMLA leave per year (calculated on a rolling twelve (12)-month basis) for the following:
 - i. The birth of a child of the employee and/or in order to care for such child;
 - ii. The placement of a child with the employee for adoption or foster care;
 - iii. To care for a spouse, child, or parent of the employee if said individual has a serious health condition; or
 - iv. A serious health condition that makes the employee unable to perform the functions of his/her position with the Academy.
 - c. "Serious health condition" is defined as a condition which requires inpatient care in a hospital, hospice, or residential medical care facility; or continuing health treatment by a health care provider.
 - d. Where both husband and wife are employed by the Academy, they are permitted to take only a combined total of twelve (12) work weeks of leave if time off is requested for the birth of a child, the placement of a child for adoption or foster care, or to care for a sick parent. For FMLA leave based on other qualifying reasons, the husband and wife will each be entitled to their unused balance of twelve (12) weeks.
 - e. The Academy shall maintain, in full effect for the duration of the leave, health insurance coverage for an employee who is on leave, provided the employee:
 - i. was eligible for and received Academy provided group health insurance when actually working for the Academy; and/or
 - ii. is on unpaid leave and, if he/she pays for dependent insurance, pays partial premiums for his/her own coverage, or pays for other types of Academy offered insurance coverage, continues to make direct premium payments to the Academy while on leave.
 - f. An employee wishing to take FMLA leave, as outlined in paragraphs b(i) and b(ii) above, must provide the Academy with not less than thirty (30) calendar days written notice, before the date the FMLA leave is to begin, except if the birth or placement requires FMLA leave to begin in less than thirty (30) calendar days, the employee shall provide notice as is practical. Where FMLA leave is requested, as outlined in paragraphs b(iii) and b(iv) above, the employee, in writing, shall provide thirty (30) days notice, except that if the date of treatment requires the employee's leave to begin in less than thirty (30) days, the employee shall provide such written notice as is practical. The employee shall make a reasonable effort to schedule the treatment so as not to unduly disrupt the operations of the Academy.

FAMILY AND MEDICAL LEAVE POLICY

- g. Medical leave as outlined in paragraphs b(iii) and b(iv) above may be taken intermittently when medically necessary. Intermittent leave is defined as leave taken in separate blocks of time due to a single illness or injury, rather than one continuous period of time. Intermittent leave may include leave of periods from an hour or more to several weeks. Such leave is available for the employee's own serious health condition, or for the employee to provide care for, and/or transport a spouse, son, daughter, or parent, to receive recurring necessary medical treatment (i.e. chemotherapy, prenatal visits, physical therapy, chiropractic care). Under such circumstances, the employee must try to schedule the leave so as not to unduly disrupt the operation of the Academy. Furthermore, the Academy may place the employee in an alternative position, with equal pay and benefits, which better accommodates intermittent leave. Intermittent leave is not available to care for a newborn or recently adopted child.
- h. The Academy shall require medical certification, signed by the employee's health care provider, when FMLA leave is requested for the serious health condition of the employee, or for a serious health condition of the employee's spouse, child or parent. Such certification shall state:
 - i. The date on which the serious health condition commenced;
 - ii. The probable duration of the condition;
 - iii. The appropriate medical facts within the knowledge of the health care provider regarding the condition.

A second and third opinion may be required at Academy expense for any case in which the Academy has reason to doubt the validity of the certification. In addition, when an employee has a continuing medical condition for which FMLA coverage is requested, the Academy may request recertification of the medical condition every thirty (30) days.

- i. Upon return from FMLA leave, the employee is entitled to be restored to the same position held prior to the leave or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment. An employee whose FMLA leave was due to his/her own serious health condition must provide medical certification that he/she is fit for duty before returning to work.
 - j. While on FMLA leave, an employee is prohibited from engaging in outside employment.
 - k. An employee who fraudulently obtains FMLA leave is not protected by the FMLA job restoration or maintenance of health benefits provisions and will be subject to termination.
3. PROCEDURE. An employee wishing to request leave under the FMLA shall obtain the necessary form from the Academy Personnel Manager.

Employees are to be under no obligation or pressure to contribute leave time, and such contributions are to be strictly on a voluntary basis for compassionate reasons. If the conditions are met, the employee shall be permitted to utilize and be paid for by Sponsor for leave days used until the employee is able to return to work, but only to the extent that such days are being held by the Sponsor.
 - viii. The Superintendent or Management Company Representative may require a doctor's statement of verification of illness.

The infected employee shall be advised that such notice will be given and to whom the notice will be given. The persons so advised shall at the same time be advised of the confidentiality provisions of § 384.29, F.S., and the penalty for violation of those provisions.

- c. A significant exposure to the blood or bodily fluids of a person who has tested positive for HIV/AIDS is an exposure by direct contact with the body or bodily fluid of a person who has tested positive for HIV/AIDS by another person; which exposure is of the nature which carries with it the reasonable possibility of infection of the person so exposed.

DRUG AND ALCOHOL FREE WORKPLACE

1. **Purpose and Scope**

- a. The Governing Board of South Tech Preparatory Academy, Inc. Inc. hereby affirms its commitment to maintaining a drug-free workplace. The term “drug-free” includes “alcohol-free”.
- b. A drug-free awareness program, such as that provided by **Total Compliance Network, Inc. (TCN)**, is hereby established and will be implemented by the South Tech Preparatory Academy, Inc. Superintendent by implementation of this Policy and the provisions of Fla. Stat. §§ 440.101 and 440.102 and rules for the Agency for Health Care Administration (the Drug-Free Workplace Standards set forth in Fla. Admin. Code Rules 59A-24.003 – 59A-24.008).
 - i. Before testing is initiated under this Policy, each current employee, applicant, and volunteer will be provided a copy of a **Policy Statement/Notice**, (to be supplied by TCN), which is incorporated in this Policy by reference in compliance with Fla. Stat. § 440.102(3)(a).
 - ii. Pursuant to Fla. Stat. § 440.102(3)(b), there will be a 60-day period between the notice to employees, applicants, and volunteers that a drug-testing program is being implemented, and the beginning of actual drug testing. For good measure, the Academy will issue a second notice to employees during that 60-day period.
 - iii. This Policy shall apply to all Academy employees, job applicants, and volunteers, as defined in section (2) below, except those subject to Palm Beach School District Policy 3.961. All job applicants will be provided a copy of drug-free workplace notice with a conditional offer of employment and all volunteers will be provided a copy of the notice before any volunteer activities are performed. Each employee will sign an acknowledgment of receipt and understanding of the drug-free workplace policy statement/notice, and that acknowledgment will be retained in the employee’s personnel file. Copies of a drug-free workplace notice shall be posted in prominent locations in Academy buildings.
- c. Through the establishment of a standard drug-testing program, all employees, job applicants, and volunteers shall be subject to drug testing as a condition of employment or may be a condition of commencing volunteer activities under the terms and circumstances described in this Policy. Employees who violate this Policy shall be subject to disciplinary action, up to and including termination of employment, consistent with the applicable collective-bargaining agreement, if any. Job applicants who violate this Policy will not be hired; and volunteers who violate this Policy will not be allowed to perform further volunteer service.
- d. Prohibited under this Policy are the unlawful manufacture, distribution, dispensation, possession, or use of drugs (including alcohol or controlled substances), as listed in Fla. Stat. § 440.102 or defined by Fla. Stat. Chapter 893), on District property or while on duty.
- e. Reporting for duty or remaining on duty under the influence of drugs (alcohol or a controlled substance) is prohibited, except when the use of a controlled substance is pursuant to the prescribed instructions of a licensed medical practitioner who has advised the individual that the substance will not adversely affect the individual’s ability to safely perform all assigned duties
- f. Off-the-job use or involvement with illegal drugs, alcohol, or other controlled substances may also subject an employee to disciplinary action under applicable Board Policies such as 3.12 and 3.13; applicable State Board of Education Rules such as 6B-4.009(2), (5); and the applicable collective-bargaining agreement, if any.
- g. Through the implementation of this Policy, the Board intends to comply with and be subject to current and future requirements contained in the Drug-Free Workplace Act of 1988 and Fla. Stat. §§ 440.101 and 440.102. The standards and procedures contained in this Policy are separate from all tests and procedures contained in Palm Beach School District Policy 3.96.1 (addressing holders of safety-sensitive positions and commercial drivers’ licenses) because, under federal regulations in 49 C.F.R. part 40, drug tests for purposes of Department of Transportation policies must be separate from non-DOT tests in all respects.

DRUG AND ALCOHOL FREE WORKPLACE

2. **Definitions** - For the purpose of this Policy, the following terms shall be defined as indicated:

 - g. **Confirmation Test for Alcohol** - A second test (following an initial alcohol test with a result of four one-hundredths BAL (0.04) or greater) that provides specific quantitative data for alcohol.
 - h. **Confirmation Test for Drugs** (Other than Alcohol) - A second analytical procedure, following an initial drug test, used to confirm the presence of a specified drug or metabolite in a specimen through a different technique and chemical principle from that of the screen test to ensure specificity, sensitivity, reliability, and quantitative accuracy. Gas chromatography/mass spectrometry ("GC/MS") is the only authorized confirmation test for cocaine, marijuana, opiates, amphetamines, and phencyclidine.
 - i. **Confirmed Test or Confirmed Drug Test.**- A screening result confirmed by a second analytical procedure used to confirm the presence of a specified drug or metabolite in a specimen through a different technique and chemical principle from that of the screen test to ensure specificity, sensitivity, reliability, and quantitative accuracy. Gas chromatography/mass spectrometry ("GC/MS") is the authorized confirmation test for cocaine, marijuana, opiates, amphetamines, and phencyclidine.
 - j. **Drug Rehabilitation Program** - A service vendor that provides confidential, timely, and expert identification, assessment, and resolution of employee drug abuse through the District's Employee Assistance Program ("EAP").

South Tech Preparatory Academy, Inc. will use the services of Total Compliance Network, Inc. The Academy shall pay for all drug tests, initial and confirmation, that it requires of employees. Employees must pay for any additional tests not required by the Academy. A urine sample will be used for the initial and confirmation tests for all drugs and substances (except alcohol, for which blood samples are used).
 - l. **Drug (hereinafter, Drugs or Controlled Substance(s)).**-- Alcohol, including a distilled spirit, wine, a malt beverage, or an intoxicating liquor; an amphetamine; a cannabinoid; cocaine; phencyclidine (PCP); a hallucinogen; methaqualone; an opiate or narcotic; a barbiturate; a benzodiazepine; a synthetic narcotic; a designer drug; or a metabolite of any of the substances listed in this subsection. The District may test an individual for any or all such drugs.
 - m. **Employee** -The term "employee" means any person who works for the Academy for salary, wages, or other remuneration.

DRUG AND ALCOHOL FREE WORKPLACE

- n. **Employee Assistance Program ("EAP")** - An established program capable of providing expert assessment of an employee's personal concerns; confidential and timely identification services for employee drug or alcohol abuse; referrals of employees for appropriate diagnosis, treatment, and assistance; and follow-up services for employees who participate in the program or require monitoring after returning to work.
 - o. **First Offense** - An initial violation of this drug-free workplace Policy whether it involves drugs or alcohol.
 - p. **Fitness for Duty** - As Fla. Stat. § 440.101(2) requires that "an employee [shall] refrain from reporting to work or working with the presence of drugs or alcohol in his or her body," for purpose of this Policy "fitness for duty" means being in a mental and physical condition appropriate for work, including but not limited to being sober in accordance with this Policy. The term also applies to applicants (meaning fitness to begin working for the Academy) and volunteers (fitness to continue serving in volunteer functions).
 - q. **Initial Drug Test** - A sensitive, rapid, and reliable procedure to identify negative and presumptive positive specimens, using a scientifically accepted method approved by the U.S. FDA or the Florida Agency for Health Care Administration.
 - r. **Medical Review Officer (MRO)** - A licensed physician, employed with or contracted by the Academy, who has knowledge of substance abuse disorders, laboratory testing procedures, and chain of custody collection procedures; who verifies positive, confirmed test results; and who has the necessary medical training to interpret and evaluate an employee's positive test result in relation to the employee's medical history or any other relevant biomedical information.
 - s. **Positive Breath Test** - A test showing a concentration of four one-hundredths (0.04) BAC or above
 - t. **Reasonable-Suspicion Drug Testing** - Drug testing based on a belief that an employee, applicant, or volunteer is using or has used drugs in violation of this Policy, drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience.
 - u. **Screening Test** (also known as an **Initial Test** or **Initial Drug Test**) - In alcohol testing, an analytical procedure to determine whether an employee, job applicant, or volunteer may have a prohibited concentration of alcohol in his/her system. In controlled substance testing, an immunoassay screen to eliminate "negative" urine specimens from further consideration.

3. **Notice of Conviction**-- In addition to any separate requirements of Policy 3.13 ("Self-Reporting of Arrests and Convictions by South Tech Preparatory Academy, Inc. Employees"), an employee convicted of a violation of any criminal drug statute for conduct that occurred on Academy property shall notify the South Tech Preparatory Academy, Inc. Superintendent within five (5) working days after the conviction. Within ten (10) working days of receipt of such a notification, the Superintendent will notify the U.S. Department of Education of the conviction, as prescribed in 41 U.S.C. § 702.
4. **Prohibited Conduct** - The following types of conduct are expressly prohibited for all employees, applicants, and volunteers and shall result in disciplinary action up to and including termination of employment (or termination of volunteer services), consistent with the applicable collective-bargaining agreement, if any.

DRUG AND ALCOHOL FREE WORKPLACE

- a. **On-Duty** - No employee, applicant, or volunteer shall use drugs, including alcohol, while performing their duties. The manufacture, distribution, dispensation, possession or use of drugs (including alcohol) on Academy property or while on duty is prohibited, except as otherwise permitted in this Policy under medical prescription under Section (4)(c), above.
 - b. **Off-the-Job** - Off-the-job use or involvement with illegal drugs, alcohol, or other controlled substances may subject an employee to disciplinary action under applicable Board Policies such as 3.12 and 3.13; applicable State Board of Education Rules such as 6B-4.009(2), (5); and the applicable collective-bargaining agreement, if any.
 - c. **Controlled Substance(s)/ Drug/Alcohol Use or Abuse** - No employee or volunteer shall report for duty or remain on duty while under the influence of, or impaired by, drugs (including alcohol)--as may be shown by the behavioral, speech, or performance indications of use or abuse--or any controlled substance except when the use is pursuant to prescribed instructions of a licensed medical practitioner who has advised the individual that the substance will not adversely affect the individual's ability to safely perform all work duties. As a condition of employment, employees are required to remain away from the place of duty and off school property if under the influence of drugs.
 - d. **Alcohol Concentration** - No employee shall report for duty or remain on duty while having a blood alcohol concentration of four one-hundredths (0.04) or more.
 - e. **Use Following an Accident** - No employee or volunteer involved in an on-the-job vehicular or other work-related accident shall use alcohol for eight (8) hours following the accident, or until after undergoing a post-accident alcohol test, whichever occurs first. This subsection shall be construed consistent with subsections (4)(b) and (c).
 - f. **Refusal to Submit to a Required Drug Test.** - Following an on-the-job vehicular or other work-related accident, no employee shall refuse to submit to a post-accident drug (alcohol or controlled substances) test; nor shall an employee refuse to submit to a reasonable suspicion drug test, a fitness for duty drug test, or a follow-up drug test. Failure to complete and sign testing form(s), to provide an adequate specimen, or other failure to cooperate with the testing process in a way that prevents the completion of the test shall be considered a refusal to test and shall be deemed a positive test result. Any attempt to adulterate a specimen or provide a specimen that is adulterated shall also be considered a refusal to test and will be deemed a positive test result. Any obstruction to and lack of cooperation with the testing process shall be considered a refusal to test and deemed a positive test result.
 - g. **Testing Positive** - No employee or volunteer shall report for duty or remain on duty after testing positive for alcohol or other drugs, until cleared to return. While waiting for clearance, the employee shall be placed in a non-duty status. From the time the test is confirmed positive, the non-duty status shall be unpaid; but the employee shall be given the option of using any accumulated annual or sick leave credits before the leave is ordered to be without pay (unless the employee is incarcerated, in which case annual or sick leave is not an option), and the District will restore the leave hours taken (or the unpaid wages if leave hours were not used) if an appeal under Section (10) shows the confirmed positive test was due to another reason such as prescription or nonprescription medication lawfully taken.
5. **Testing Procedures** - All drug testing will be conducted by a South Tech Preparatory Academy, Inc.-designated laboratory (**Total Compliance Network, Inc.**) that is licensed and approved by the Agency for Health Care Administration (AHCA) or is certified by the U.S. Department of Health and Human Services. The testing will be conducted with appropriate chain of custody procedures as specified by AHCA to ensure accuracy and continuity in specimen collection, handling, transfer, and storage.
 6. **Referral for Testing** -Appropriate notification and testing forms will be provided to employees, job applicants, and volunteers before drug testing.

DRUG AND ALCOHOL FREE WORKPLACE

7. **Voluntary Self-Referral/Rehabilitation** - At any time before notification of a required test, an employee is encouraged to contact the District's EAP for voluntary treatment of a substance problem. Such employees may be required to submit to compliance testing as part of the treatment program. Voluntary self-referral made at the time of notification shall not excuse an employee from required drug/alcohol testing, nor shall it negate a positive result from such test. An employee will not be subject to discharge or disciplinary action solely on the basis of voluntary self-referral for treatment.
8. **Kinds of Testing** - Random testing of employees shall not be conducted, except for those employees subject to Palm Beach School District Policy 3.961. To maintain a drug-free work environment, the Academy will test for the presence of drugs, including alcohol, in the following circumstances:
 - a. **Pre-Employment Screening** - Pre-employment screening will be required of all applicants before employment with the Academy. Any applicant who tests positive in the pre-employment screening for a drug as defined in this Policy will not be hired and is not eligible to re-apply for employment with the Academy for one year following the confirmed positive test. Similarly, a person applying to be a volunteer may be subject to pre-service screening in some cases, based upon whether the volunteer applicant has a known history of substance abuse, alcohol, or other drug-related problems.
 - b. **Reasonable Suspicion**
 - i. All employees/applicants/volunteers who are determined to be under reasonable suspicion of drug use are required to take a drug test. Reasonable suspicion shall be determined by a supervisor at least one level above the individual to be tested. The circumstances supporting that determination must be drawn from specific objective and articulable facts that shall be documented in writing. Reasonable suspicion may include, but is not necessarily limited to, the following examples:
 - A. Observable phenomena while at work, such as direct observation of drug use or of the physical symptoms or manifestations of being under the influence of a drug. Physical symptoms or manifestations may include, but are not limited to, slurred speech, alcohol odor on breath, unsteady walking and movement, poor coordination and/or reflexes, glassy or bloodshot eyes, physical altercations, verbal altercations, or unusual behavior;
 - B. Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance;
 - C. Credible documented evidence that an individual has tampered with a drug test during the term of employment;
 - D. Credible documented information that an employee has caused, or contributed to, an accident while at work; or
 - E. Credible documented evidence that an employee has used, possessed, sold, solicited, or transferred drugs while working or while on South Tech Preparatory Academy, Inc. premises or while operating the Academy's vehicle, machinery, or equipment.
 - ii. Where testing is based on reasonable suspicion, the supervisor will detail in writing the circumstances that formed the basis of the reasonable suspicion determination. A copy of this written description shall be given to the employee/applicant/volunteer upon request and the original documentation shall be kept confidential and exempt from the provisions of Fla. Stat. § 119.07(1), as provided in Fla. Stat. § 440.102(8), and retained for at least one year.
 - c. **Post-Accident Reasonable-Suspicion Test**
 - i. As soon as practicable under the following circumstances, post-accident reasonable-suspicion testing will be done on all employees/applicants/volunteers who are involved as a driver in any vehicular accident while performing their duties:

DRUG AND ALCOHOL FREE WORKPLACE

- A. on a surviving employee/applicant/volunteer when an accident results in loss of human life. The employee/applicant/volunteer need not have been cited for a moving traffic violation or deemed at fault to be subject to testing under this paragraph.
 - B. when an employee/applicant/volunteer receives a citation for a moving violation(s) and one (1) or more of the vehicles involved in the accident is towed from the scene of the accident; or
 - C. when an employee/applicant/volunteer receives a citation for a moving violation(s) and one (1) or more persons involved in the accident received medical treatment away from the scene of the accident.
- ii. An employee, applicant, or volunteer who is subject to reasonable suspicion post-accident testing shall remain readily available for such testing. Failure or refusal to be available for testing may be deemed by the Academy as a refusal to submit to testing. As stated in Fla. Stat. § 440.101(2), ". . . it is a condition of employment for an employee to refrain from reporting to work or working with the presence of drugs or alcohol in his or her body and, if an injured employee refuses to submit to a test for drugs or alcohol, the employee forfeits eligibility for medical and indemnity [workers compensation] benefits." This provision shall not be construed as requiring the delay of necessary medical attention for injured persons following an accident or impeding an employee/applicant/volunteer from leaving the scene of an accident to obtain necessary assistance in responding to the accident or to obtain necessary emergency care.
 - iii. If alcohol testing is not administered within eight (8) hours following an accident, the Academy may not conduct alcohol testing based on the accident provision. Likewise, if other drug testing is not administered within thirty-two (32) hours following the accident, the Academy may not conduct controlled substance testing based on the accident provision. The Academy is required to document those instances when testing is not timely conducted according to the time frames noted above.
 - iv. Following an accident, the Academy will provide the employee, applicant, or volunteer transportation to a testing facility by a person designated for that purpose. After testing, the employee/applicant/volunteer will be transported to the place of residence.
 - v. An employee pending results of a post-accident drug test shall be placed in a non-duty status and required to use annual or sick leave (the non-duty status shall be unpaid if the employee does not have such leave hours available). If an alcohol test yields a result of less than four one-hundredths (0.04) BAL or a controlled substances test yields a negative result, the Academy will restore the leave hours taken (or the unpaid wages if leave hours were not used). A volunteer pending post-accident test results will be placed in a non-duty status on a similar basis.
 - vi. Notwithstanding the absence of a reasonable suspicion alcohol test under this section, the Academy shall not permit an employee or volunteer involved in an accident described above to perform or continue to perform duties until:
 - A. an alcohol test is administered and the employee's alcohol concentration measures less than four one-hundredths (0.04) BAL; or
 - B. twenty-four (24) hours have elapsed following the determination that there is reasonable suspicion to believe that the employee has violated the prohibitions of this Policy concerning the use of alcohol.
 - vii. The results of a post-accident drug test administered by federal, state, or local officials having independent authority for the test may be used to satisfy this section, provided the test complies with applicable federal, state, or local requirements and the results of the test are timely obtained by the Academy.
- d. **Fitness for Duty** - For purposes of this Policy, all employees or volunteers who are subject to a fitness-for-duty medical examination may be required to take a drug test (including a blood alcohol level test) as part of their medical examination.
 - e. **Follow-up Testing** - All employees who have successfully completed an employee assistance program or a drug or alcohol rehabilitation program and return to duty must submit to unannounced drug and alcohol tests at least once a year for a two-year (2-year) period after

DRUG AND ALCOHOL FREE WORKPLACE

completion of the program. Advance notice of a follow-up testing date must not be given to the employee to be tested.

9. Results Reporting

- a. The Medical Review Officer (MRO) shall contact the tested employee, applicant, or volunteer directly on a confidential basis before confirming a positive initial test result.
- b. The MRO shall give the employee/applicant/volunteer an opportunity to discuss the initial test result. If the MRO makes reasonable, documented efforts to reach the employee/applicant/volunteer and is unable to do so, the MRO shall inform the Academy's designated representative, who shall then direct the tested employee/applicant/volunteer to contact the MRO as soon as possible.
- c. If, after making all reasonable efforts, the Academy's designated representative is unable to contact the employee/applicant/volunteer, the District may place the employee on temporary medically unqualified status or medical leave. (or may place an applicant or volunteer on similar temporary status).
- d. The MRO communication with the tested employee/applicant/volunteer is important to the confirmation of a positive test result; however, in three (3) circumstances the MRO will report a confirmation test result as positive to the District without having communicated directly with the employee/applicant/volunteer:
 - i. the employee/applicant/volunteer declines the opportunity to discuss the test with the MRO;
 - ii. the Academy representative has successfully contacted the tested employee/applicant/volunteer and provided specific notice to communicate with the MRO and more than five (5) working days have passed since the contact and notice by the Academy; or
 - iii. neither the MRO nor the Academy representative, after making all reasonable efforts, has been able to contact the individual within fourteen (14) calendar days of the date on which the MRO receives the confirmed positive test result.
- e. Following the confirmation of a positive test result, the MRO shall refer the case to the Academy's Personnel Manager pursuant to Fla. Stat. § 440.102(5)(h).
- f. After the MRO reporting of a confirmed positive test result to the Academy, the tested employee/applicant/volunteer may contact the MRO and present information documenting the reasons (serious illness, injury or other circumstances) that prevented the employee/applicant/volunteer from communicating with either the MRO or the Academy representative regarding the initial test and the need for a confirmation test. The MRO may, in such cases, reopen the confirmation determination and allow the individual to present information concerning a legitimate explanation for the confirmed positive test. If the MRO concludes that there is a legitimate explanation, the MRO will revise the previous positive determination and declare the test to be negative.
- g. The Academy shall provide, upon request, a copy of the test results to the tested employee, volunteer, or job applicant.

10. Challenges to Test Results

- a. A positive test result does not automatically identify an employee/applicant/volunteer as having used drugs in violation of this Policy; therefore, providing the MRO (through, or on behalf of, the Academy) with detailed knowledge of possible alternative explanations is important to the review of results and is the responsibility of the employee/applicant/volunteer.
- b. Pursuant to Fla. Stat. § 440.102(5)(h), within five (5) working days after receipt of a positive confirmed test result from the MRO, the Academy shall inform the employee/applicant/volunteer in writing of such positive test result, the consequences of such results, and the options available to the employee/applicant/applicant. One of those options is that within five (5) working days after receiving notice of a positive confirmed test result, the employee/applicant/volunteer may submit information to the Academy (or MRO in the Academy's stead) explaining or contesting the test result, and explaining why the result does not constitute a violation of this Policy. If the employee's/applicant's/volunteer's explanation or challenge of the positive test result is unsatisfactory to the Academy, or MRO on the Academy's behalf, a written explanation as to why the explanation is unsatisfactory, along with

DRUG AND ALCOHOL FREE WORKPLACE

- the report of positive result, shall be provided by the Academy to employee/applicant/volunteer.
- c. Additionally, consistent with Fla. Stat. § 440.102(5)(h) and (6)(d), the MRO, on behalf of the Academy, shall notify an employee/applicant/volunteer whose test result has been confirmed as positive of the right to request an independent analysis within seventy-two (72) hours. If the employee requests the independent analysis within seventy-two (72) hours, the MRO shall take appropriate action to direct the analysis. Such independent analysis shall be conducted by "split specimen," at the employee's/applicant's/volunteer's expense, with sufficient specimen being retained for later verification testing. If the employee/applicant/volunteer fails to contact the MRO within seventy-two (72) hours but later contacts the MRO and presents information documenting the reasons (serious illness, injury, inability to contact the MRO, lack of actual notice of a confirmed positive test result or other circumstances) that prevented the individual from timely contacting the MRO, the MRO may conclude that there is a legitimate explanation for the employee's/applicant's/volunteer's failure to contact the MRO within seventy-two (72) hours and may direct the analysis of the split specimen.
 - d. The tested employee/applicant/volunteer shall bear the expense of any testing of a specimen requested by that individual.
 - e. All aspects of the testing process, including any challenge to the testing process, will be kept confidential to the extent allowed by law, except as stated below in Section (12) of this Policy.
11. **Disciplinary Action for Positive Test Results** - A positive test result shall require the employee's or volunteer's immediate removal from duty.
- a. No employee or volunteer shall perform duties after testing positive for drugs until the terms specified in this Policy have been satisfied.
 - b. An employees whose test is confirmed positive for an unlawful controlled substance (including a prohibited blood alcohol level) shall be subject to disciplinary action up to and including termination of employment, consistent with the applicable collective bargaining agreement, if any. Refusal to submit to a drug test shall be treated as a positive test result

Page 8 of 9

- a. The Governing Board will not tolerate harassment or discrimination by school volunteers, consultants, independent contractors, sub contractors (or their employees), or any third party in the school (or outside the school at school-sponsored events), on school busses, or at training facilities sponsored by the Academy or Charter School Sponsor. Any such alleged harassment or discrimination should be reported immediately to the Academy Superintendent, using the same formal written complaint process as would be used to report harassment or discrimination by an Academy employee. As stated in OCR's *Revised Sexual harassment Guidance (2001)*:
The type of appropriate steps that the school shall take will differ depending on the level of control that the school has over the third party harasser. For example, if athletes from a visiting team harass the home school's students, the home school may not be able to discipline the athletes. However, it could encourage the other school to take appropriate action to prevent further incidents; if necessary, the home school may choose not to invite the other school back.
- f. Depending on the situation, an appropriate response may include, but not limited to, revoking the volunteer's status under South Tech Preparatory Academy, Inc. Expectations

The School District of Palm Beach County expects students and employees to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

Standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior; treat others with civility and respect, and refuse to tolerate bullying or harassment. Students are required to conform to reasonable standards of socially acceptable behavior, respect the person, property and rights of others; obey constituted authority; and respond to the educational, support and administrative staff.

In line with School Wide Positive Behavior Supports (SwPBS), the School District shall provide for appropriate recognition and positive reinforcement for good conduct, self-discipline, good citizenship, and academic success.

The bullying of any student or school employee is strictly prohibited:

- a. During any educational program, function or activity conducted by the School District;
- b. During any school-related or school-sponsored program, function or activity;
- c. While on school district property;
- d. While on a school bus or other school district transportation;
- e. Through the use of any computer, technology or electronic device if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by a school, regardless of who owns the computer, technology or electronic device or where the computer, technology or electronic device is located.
- f. Section (e) above does not require the School District to monitor any non-school-related activity, function, or program. Accordingly, the physical location or time of access of a computer or technology-related incident may not be raised as a defense in a disciplinary action.

Standards of student behavior are set cooperatively through interaction among students, parents or legal guardians, staff and community members. Students are required to:

- a. conform to reasonable standards of socially acceptable behavior;
- b. respect the person, property, and rights of others;
- c. obey constituted authority; and
- d. respond to those who hold that authority.

Consequences

Where the facts and surrounding circumstances yield a conclusion that one has engaged in bullying and/or harassment, the following consequences are deemed appropriate:

- i. Consequences and appropriate remedial action for students who commit acts of bullying or harassment may range from positive behavior interventions up to and including suspension or expulsion, as outlined in the *Student Codes of Conduct*, as provided in School Board Policies 5.18 through 5.1899.
- ii. Consequences and appropriate remedial action for school employees found to have committed an act of bullying or harassment shall be determined in accordance with School Board Policies and applicable collective bargaining agreements. Additionally, egregious acts of harassment by certified educators may result in a sanction against an educator's state issued certificate as provided in *The Principals of Professional Conduct of the Education Profession in Florida*, Rule 6B-1006, F.A.C.
- iii. Consequences and appropriate remedial action for a visitor or volunteer, found to have committed an act of bullying or harassment shall be determined by the School Principal, with input from the Area Superintendent, after consideration of the nature, severity and circumstances of the act, including reports to appropriate law enforcement officials.

Consequences may also be imposed upon those who are found to have wrongfully and intentionally accused another of bullying or harassment in accordance with the policies and rules set forth above in i, ii, and iii. In addition, retaliation against any person who makes a good faith report of bullying or harassment is strictly prohibited. Likewise, retaliation against any person who testifies, assists, or participates in a proceeding or hearing related to bullying or harassment shall not be tolerated.

Procedures for Reporting Acts of Bullying or Harassment

At each school, the School Principal or designee shall be responsible for receiving complaints of bullying or harassment. All school employees are required to report alleged violations of this policy to the principal or principal's designee. All other members of the school community, including students, parents, legal guardians, volunteers and visitors are encouraged to report any act of bullying or harassment. Such complaints may be made anonymously, in-person or in writing. However, formal disciplinary action may not be based solely on the basis of an anonymous report.

The principal at each school shall establish and prominently publicize what behavior constitutes bullying, how a report may be filed, and how the report will be acted upon. One who promptly reports in good faith an act of bullying or harassment to the appropriate school official shall be immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported institute. Submission of a good faith complaint or report of bullying or harassment may not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments.

Any written or oral report of an act of bullying or harassment shall be considered an official means of reporting and shall be documented and processed in accordance with this policy.

Investigation of Complaints

The investigation of a reported act of bullying or harassment is deemed to be a school-related activity and begins with the report of such act. At each school, the principal must select designee(s) to be trained in investigative procedures to initiate the investigation. The designee may not be the accused harasser, bully or victim.

The designated investigator shall begin an investigation no later than the next school day and must complete the investigation within ten (10) school days.

The investigation must include documented interviews of the victim, alleged perpetrator, and witnesses. Each individual must be interviewed separately and at no time will the alleged perpetrator and victim be interviewed together. The investigator shall collect and evaluate the facts, including, but not limited to:

- a. A description of the incident(s) including the nature of the behavior;
- b. The context in which the alleged incident(s) occurred;
- c. How often the conduct occurred;
- d. Whether there were past incidents or past continuing patterns of behavior;
- e. The relationship between the parties involved;
- f. The characteristics of the parties involved, i.e. grade, age, etc.;
- g. The identity and number of individuals who participated in bullying or harassing behavior;
- h. Where the alleged incident(s) occurred;
- i. Whether the conduct adversely affected the student's education or educational environment;
- j. Whether the alleged victim felt or perceived an imbalance of power as a result of the reported incident; and
- k. The date, time and method in which parents or legal guardians of all parties involved were contacted.

The investigator shall make a preliminary finding of whether there has been a violation of this policy based upon all facts and surrounding circumstances. The investigation must include recommended remedial steps necessary to stop the bullying or harassing behavior as well as a written final report to the school principal. Computers without web-filtering software or computers with web-filtering software that is disabled shall be used when complaints of cyber-bullying are investigated.

Upon reviewing the report, the principal or designee shall make a determination on whether the reported act of bullying or harassment falls within the scope of the School District. Should the act be determined outside the scope of the School District and determined to be a criminal act, a referral may be made to law enforcement. Should the act be determined outside the scope of the School District, but not a criminal act, the school principal shall inform the parents or legal guardians of all students involved.

In cases where the school principal or designee is directly and personally involved with the complaint or is closely related to a party to the complaint, the area superintendent shall conduct the investigation.

Notification to Parents

The principal or designee shall promptly report to the parents of a victim of bullying or harassment and the parents of the perpetrator of an act of bullying or harassment as well as notification to all local agencies where criminal charges may be pursued against the perpetrator.

Notification to parents of all students involved shall take place on the same day an investigation has been initiated. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Such notification may be via telephone, personal conference, and/or in writing.

If the bullying incident results in the perpetrator being charged with a crime, the school principal or designee shall inform the parents of the victim involved in the bullying incident about the Unsafe School Choice Option pursuant to No Child Left Behind, Title IX, Part E, Subpart 2, Section 9532, which permits "... a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school."

Referrals for Counseling Intervention

A teacher or parent may request an informal consultation with the guidance counselor or school psychologist to determine the need for counseling to address the bullying or harassment that is alleged to have occurred.

Victims of bullying or harassment shall be referred to the School Based Team with a problem-solving focus to determine a need for counseling support and interventions to address the needs of the victim.

Perpetrators of bullying and/or harassment acts must also be referred to the School Based Team to determine the need for counseling and/or interventions to address the behavior of the students who bully or harass others. Examples include, but are not limited to anger management or empathy training.

Parents may also be referred to outside agencies or provided with assistance or support as deemed appropriate.

Incident Reporting Requirements

The procedure for including incidents of bullying in the school's report of safety and discipline data is required under Fla. Stat. 1006.09 (6). The report must include each incident of bullying or harassment and the resulting consequences, including discipline, interventions and referrals. In a separate section, the report must include each reported incident of bullying or harassment that does not meet the criteria of a prohibited act under this policy, with recommendations regarding said incident.

The School District will utilize Florida's School Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data, which includes bullying/harassment in its codes.

The School District will provide bullying incident, discipline, and referral data to the Florida Department of Education at designated dates.

Publication

At the beginning of each school year, the principal or designee shall inform school staff, parents and students of the School District's policy prohibiting bullying or harassment, the effects of bullying, and initiatives to prevent such conduct.

This Policy shall be referenced in the Student Code of conduct, the School District's employee and in student handbooks.

Instruction

Instruction shall be provided to students, parents, teachers, school administrators, counseling staff, and school volunteers on identifying, preventing and responding to bullying or harassment, including instruction on recognizing behaviors that lead to bullying or harassment and taking appropriate preventative action based on those observations.

STUDENT SELECTION AND ENROLLMENT

South Tech Preparatory Academy, Inc. is a Charter School and therefore operates as a choice school, recruiting and enrolling students throughout the school year. Students served by this school are those who are, or whose parent(s) or legal guardian(s) are, residents of Palm Beach County, Florida, or other districts with whom inter-district agreements exist. Eligible students who submit a timely application shall be enrolled unless the number of applications exceeds the capacity of a program, class, grade level, or building. In accordance with F.S. 1002.33, the charter school will give enrollment preference to students who are siblings of a student enrolled in the charter school, students who are the children of founding Board members of the charter school, and students who are the children of an employee of the charter school. If eligible applicants exceed the capacity of a program, class, grade level, or building, a random lottery will be conducted. The lottery will assure that all eligible students who submitted timely applications have a fair and equal chance of selection into the program. All lottery participants not selected will be placed on a waiting list for priority placement into any vacancies that might occur.

A timely application will be considered one received prior to a stated deadline of March first of the year preceding attendance. Applicants for programs that have not exceeded capacity by the stated deadline will automatically be placed in the program of choice if otherwise qualified. Subsequent eligible applicants will be placed in programs on a first-come, first-served basis. All students applying before the stated deadline will be notified of selection status no later than the first week of April. Students applying after the stated deadline will be notified of selection status in a timely manner of four to six weeks after receipt of the application and support documents. Students withdrawn for any reason must repeat the application and approval process before readmission.

3. South Tech Academy operates a 4 X 4 Block schedule. This form of schedule incorporates longer periods to provide a school year's (180 days) instruction) in a half-year (90) days. Grading periods are called Terms, and shall occur at four and one-half week intervals. The school year consists of eight Terms, which is two semesters on a conventional 6 or 7 period day schedule.  - a. Terms 1, 3, 5, 7 grades will be determined according to the following formula:
 - i. Fifty Percent of the Term grade will be calculated from the average of daily grades, which will be based on participation, seatwork, homework, pop quizzes, focus lesson grades, or a combination of each, but should be based on work that can be made up by students not in attendance.
 - ii. Twenty-Five Percent of the Term grade will be calculated from the averages of grades for projects, essays, shop or lab projects, etc. and other more significant learning opportunities.

 - ii. Twenty-Five Percent of the Term grade will be calculated from the average of unit tests, chapter tests, projects, and other more significant learning opportunities.
 - iii. Twenty Five Percent of the Term grade will be calculated from the Mid-Semester assessment.
 - c. Terms 4 and 8 grades will be determined according to the following formula:
 - i. Fifty Percent of the Term grade will be calculated from the average of daily grades, which will be based on participation, seatwork, homework, pop quizzes, focus lesson grades, or a combination of each, but should be based on work that can be made up by students not in attendance.

- ii. Twenty-Five Percent of the Term grade will be calculated from the average of unit tests, chapter tests, projects, and other more significant learning opportunities.
 - iii. Twenty Five Percent of the Term grade will be calculated from the Final assessment.
 - d. Semester grades will be determined according to the following formula: Grades for the four terms, the Mid-Semester assessment, and the final assessment will be totaled and divided by six (6) to determine the semester average grade.
 - e. Semester Exams constitute a separate entry on the Grade Report.
4. Honors points will be used for the purposes of class ranking. A weighted system is used to calculate the student's honor point average (HPA). The standard grade point average (GPA) is based on a 4.0 (**A**), 3.0 (**B**), 2.0 (**C**), 1.0 (**D**), and 0 for any other grade. STUDENT DRESS CODES AND UNIFORMS

1. F.S. 1001.43(1)(b) authorizes the Board to require uniforms to be worn by the student body or to impose other dress-related requirements in the Board finds that these requirements are necessary for the safety or welfare of the student body or school personnel. As a result of being granted that authority, the Founding Boards of SouthTech Schools created a uniform code into the school charters and have enforced the uniform policy beginning with the opening of the respective schools.
2. The purpose of a standard student attire policy is to provide a safe environment for students which fosters learning and improves school safety and discipline by: (a) Encouraging students to express their individuality through personality and academic achievements, rather than outward appearance. (b) Enabling students to focus on academics, rather than fashion, because they are able to convey a neat, serious, and studious image. (c) Minimizing disciplinary problems because students are not distracted by clothing. (d) Reducing the time needed to correct dress code violations through a readily available inventory of compliant attire. (e) Minimizing visible differences between students and eliminating social pressures to wear brand-name clothing or colors to show gang affiliation, thereby easing financial pressures on parents and enhancing school safety. (f) Creating a sense of school pride and belonging, and (g) provide a method of student and program/grade identification for school security workers.
3. Uniform design will be school-specific.
 - a. High School uniforms will be career academy-specific and will be representative of typical dress for the academy's theme industry. Some academies will include both pants and shirts and others will only require shirts. Each academy will have uniforms that are unique in color. Some academies may use different colors for each year or subsection of programs within the academy.
 - b. Middle School uniforms will be grade-specific, with each grade being assigned a unique color.

The design of school uniforms will be reviewed annually by school administration and uniform design will be altered or modified as needed to assure that the purposes of uniforms as stated in section 2 are achieved.

4. As uniform shirts are required for all students, shirts will be considered the primary form of student recognition by uniforms. Except in inclement weather, students are required to have a sufficient portion of their shirt visible for security personnel observation. Headwear, including the hoods of "hoodie" shirts or jackets, is not allowed to be worn on the school campus, unless such headwear is considered an industry standard or a required safety device for the student's career academy.
5. If a student, parent, or guardian feels that compliance with the uniform policy is an unfair infringement on the student's religious or other rights, a grievance may be filed for review by the Superintendent or designee. Those individuals wishing to file a grievance are required to follow the procedures outlined in South Tech Preparatory Academy, Inc. Board Policy 5.19 for addressing grievances against the school.

Legitimate educational interests are defined as the need to review an education record in order to fulfill the employee's professional responsibilities and complete job duties in performing an official task that requires access to information in the education records of students jointly served.
 - b. Moreover, pursuant to State Board of Education Rule 6A-1.0955(6)(g), such inter-agency agreements shall allow personally-identifiable student information to be disclosed to such agencies "only on the condition that the party to whom the information is disclosed shall not disclose the information to any other party without prior written consent of the adult student or the parent or guardian of the pupil, as appropriate."
 - c. The scope and extent of legitimate educational interests that "other school officials" have will vary depending on the purpose of their need for access. For example, a yearbook vendor hired to publish a school's yearbook will have a very limited scope of student information in which he/she has legitimate educational interests: only the amount needed to complete the task under contract. By contrast, an attorney retained by the School District to defend a case would have a much greater scope of legitimate educational interests-in many cases, it could include the entire student records file, when such access is needed to fulfill the attorney's professional responsibility. The School District has the sole authority to determine the scope of legitimate educational interests held by "other school officials."
 - d. Pursuant to the Board's authority under 34 C.F.R. § 99.31(a)(1); 34 C.F.R. § 99.7(3)(iii); and Fla. Admin. Code Rule 6A-1.0955(6)(h), the District hereby designates "other school officials" who shall be deemed to have a "legitimate educational interest" in student records information.
 - i. The Palm Beach District Board designates such "school officials" to include an administrator, supervisor, instructor, or support staff member (including health or medical staff and school police, a university student who is placed in a school under a Professional Development School Partnership or student-teaching internship), or a School Board member, who needs to access student records information in order to carry out his or her official duties or fulfill his/her professional responsibility.

STUDENT RECORDS

- ii. "Other school officials" shall also include persons such as: the District's health care partners and other governmental and social agencies jointly serving students, to the extent student records information is needed to provide and/or evaluate health services and governmental/social services to students; a person or company with whom the school has contracted or partnered to perform a special task (such as a class ring or yearbook vendor under contract with the school, or an attorney, auditor, nurse, psychologist, medical consultant, or therapist under contract with the District); and a parent or student or other person serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his or her tasks; or an official of a charter school of this District (to access name/address mailing labels of District students to the extent legitimately needed for recruiting purposes and only upon agreement not to re-disclose the information to third parties.

10. Transfer of Records

- a. The Academy and School District will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll, upon request of those officials.
- b. The Board recognizes that federal law requires the Academy and District to "facilitate the transfer of disciplinary records, with respect to a suspension or expulsion . . . to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full- or part-time basis, in the school." 20 U.S.C. § 7165(b)

11. Access by Military Recruiters and Institutions of Higher Learning.-- Because the Academy and District Boards do not have a directory information Policy, information that many school districts have designated as "directory information" will be released only upon written parental consent. However, as part of the No Child Left Behind Act of 2001, Congress has required that school districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) must give military recruiters access to certain directory information.

- a. The Board recognizes that federal law (20 U.S.C. § 7908(a)(1)) now requires that high schools "shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses, and telephone listings." This requirement is also found in 10 U.S.C. § 503(c)(1)(A)(ii). The information will be used for military recruiting purposes and other legitimate purposes such as informing students of scholarship opportunities at institutions of higher learning. Parental consent is not required before providing the information to recruiters and postsecondary institutions or colleges, although parents may "opt out."
- b. In accordance with those laws, military recruiters are entitled to receive the name, address, and telephone listing of high school students, unless the parent or student have advised the school that they do not want the student's information to be disclosed without specific prior written consent.
- c. Parents will be notified of the right to opt out in the School District's Family Student Handbook and New and Returning Student Registration form.
- d. "A secondary school student or the parent of the student may request that the student's name, address, and telephone listing . . . not be released without prior written parental consent" to military recruiters or institutions of higher learning. 20 U.S.C. § 7908(a)(2). Therefore, If a high school student or parent does not want the school or the District to disclose one or more of these categories of information (name, address, or telephone) to military recruiters or officials of institutions of higher learning without prior written consent, the parent or student must notify the school principal in writing within 10 days after the annual distribution of the Student and Family Handbook

STUDENT RECORDS

12. **Production of Student Records Pursuant to a Subpoena or Court Order.**-- If a party to litigation presents a subpoena or court order for release of student records, the District shall ensure that the "student's parent are notified of the order or subpoena in advance of compliance therewith by the educational institution or agency." Fla. Stat. § 1002.22(3)(d)11.
- a. As stated in 34 C.F.R. §99.31(a)(9)(ii), the purpose of this notice is to allow the student and parents to object or seek protective action. Non-party students and parents shall receive 10 days' notice; and students and parents who are a party to the litigation shall receive 5 days' notice.
 - b. Litigants seeking student records should bear in mind that discovery of confidential records is limited by law. The requestor of confidential records must demonstrate "extraordinary necessity" or "exceptional circumstances." See *State, Department of Highway Safety and Motor Vehicles v. Krejci Co. Inc.*, 570 So. 2d 1322, 1324-25 (Fla. 2d DCA 1990); *Henderson v. Perez*, 835 So.2d 390 (Fla. 2d DCA 2003). See also *Florida State University v. Hatton*, 672 So. 2d 576, 580 (Fla. 1st DCA 1996) (requiring a balancing test to determine whether the requestors have a legitimate need that outweighs the students' express, substantial statutory privacy rights in the confidentiality of student information.)
 - c. Moreover, if the court allows discovery of confidential records, it should take "all precaution to ensure the confidentiality of the records." *Krejci Co. Inc.*, 570 So. 2d at 1325. For example, Fla. Admin. Code R. 6A-1.0955(6)(g)2 delineates that: "Personally identifiable information shall be disclosed [by the School District] only on the condition that the party to whom the information is disclosed shall not disclose the information to any other party with out prior written consent of the adult student or the parent or guardian of the pupil, as appropriate." Other appropriate means of safeguarding the information would be: clearing the courtroom if documents are allowed to be submitted at trial; instructing jurors not to re-disclose the information, and sealing such records from public access in court files.
13. **Emergency Disclosure** -- The School District may disclose personally identifiable .student information in health and safety emergencies determined based upon. but not limited to. the following factors:
- a. The seriousness of the threat to the health or safety of the pupil or adult student or other individuals;
 - b. The need for the information to meet the emergency;
 - c. Whether the parties to whom the information is disclosed are in a position to deal with the emergency: and
 - d. The extent to which time is of the essence in dealing with the emergency.

MILITARY RECRUITER AND COMMUNITY SPEAKER GUIDELINES

As noted in South Tech Preparatory Academy, Inc. Board Policy 5.50, military recruiters have limited access to student records. Military recruiters have congressional authority to talk to students about career opportunities in the armed forces. College and university representatives also have access to students. Community speakers may also request permission to talk to students about non-military career opportunities. The courts have held we cannot deny a speaker access to students solely on a dislike of their viewpoint. Peace activists who request to speak must be allowed the same access to students as the recruiters or college representatives.

This policy outlines guideline for handling speaker requests.

1. Board Policy 5.50 and a statement in the Student-Family Handbook allows parents/guardians to opt out of releasing student information within ten (10) days of receiving the Handbook. However, requests should be honored throughout the school year. Opt out letters should be given to the data processor to input this information so student records are protected from being with requests from recruiters. **Do not release information to military recruiters prior to ten (10) days after parents have received the Handbook.**
2. The Superintendent/Designee can regulate the time, place and manner of a presentation.
3. The Superintendent/Designee can require that speakers put their request in writing.
4. The Superintendent/Designee should offer speakers the same opportunity as offered to recruiters. Denying peace activists may constitute viewpoint discrimination.
5. If literature distribution by recruiters is allowed, distribution of non-military literature must be allowed to other speakers. The Superintendent/Designee should review the materials prior to distribution.
6. The Superintendent/Designee can require that the message given by community speakers be an educational one and not contain any denigrating information about the military. Speakers may discuss non-military jobs.
7. The Superintendent/Designee should ensure the speaker is knowledgeable about the subject.
8. The Superintendent/Designee can stipulate that the speaker not cause a disruption to the regular school programming.
9. The Superintendent/Designee can caution the speaker not to focus on discouraging a particular career.
10. The Superintendent/Designee can receive assurance that the presentation will not be vulgar, disrespectful or obscene.
11. The Superintendent/Designee is not obligated to distribute an opt-out form brought by the speaker. District approved opt-out forms are in the guidance office.
12. Facts about the military can be shared (ex. salary, work conditions, casualties) even if they are not positive.
13. JROTC training is part of an educational program listed in the DOE Course Code Directory. JROTC should not be classified as military recruitment.

Policy 5.74 - Students Experiencing Homelessness

1. **Purpose:** The purpose of this policy is to clarify statutory rights of children and youths experiencing homelessness as provided by federal and state law. This policy shall be interpreted and implemented in conformance with federal and state law and shall supersede any other School Board policy provisions relating to children and youths experiencing homelessness. The School Board shall remove barriers based upon a student's homelessness that affect the identification, enrollment and retention of students experiencing homelessness.
2. The School Board of Palm Beach County ("School Board") shall ensure that homeless children and youths are provided with equal access to the same free, appropriate public education, including a preschool education as other students, have an opportunity to meet the same challenging State of Florida academic standards to which all students are held, have access to all academic and extracurricular activities for which they meet relevant eligibility criteria, and are not segregated, separated or isolated on the basis of their status as homeless and shall establish safeguards that protect homeless students from being stigmatized or discriminated against on the basis of their homelessness.
3. Public notice of the educational rights of homeless students will be available in the Palm Beach County School District ("PBCSD") Student and Family Handbook and disseminated in schools and in locations frequented by parents or guardians of homeless students and unaccompanied youths.
4. The PBCSD homeless education liaison shall make a determination of homeless status on a case-by case basis.

5. Definitions

- a. The McKinney-Vento Act, within 42 U.S.C. § 11434a, and Fla. Stat 1003.01 (12) define homeless children and youths as children and youths who lack a fixed, regular, and adequate nighttime residence within the meaning of 42 U.S.C. § 11302; and includes children and youths who:

 - c. The McKinney-Vento Act, within 42 U.S.C. § 11432(g)(3)(G), defines the term "school of origin" to mean the school that the student attended when permanently housed or the school where the child or youth was last enrolled, including a District administered public preschool. The school of origin also includes the designated receiving school at the next level for all feeder school patterns, when the student completes the final grade level at the school of origin (e.g. elementary from prekindergarten; middle from elementary; high from middle).
 - d. The McKinney-Vento Act, within 42 U.S.C. § 11434a, defines the terms "enroll and enrollment" to include attending classes and participating fully in school activities for which the student meets eligibility criteria.

 - h. The term local educational agency (LEA) within the meaning of the McKinney-Vento Act, 42 U.S.C. § 11434a, includes the School Board.

6. School Selection

- a. The School Board shall ensure that the parent, guardian, or unaccompanied youth is informed of the student's right to remain in the school of origin, and presume remaining in the school of origin is in the student's best interest, except when doing so is contrary to the request of the parent, guardian, or unaccompanied youth;
 - i. Continue the homeless child's or youth's education in the school of origin and continue to receive all McKinney-Vento benefits for the duration of homelessness--in any case in which a family becomes homeless between academic years or during an academic year; or for the remainder of the academic year, if the student becomes permanently housed during the academic year; or
 - ii. Enroll the student in any PBCSD school that non-homeless students who live in the attendance zone in which the homeless student is actually living are eligible to attend [McKinney-Vento Act under 42 U.S.C. § 11432(g)(3)(A)].
- b. In determining the best interest of the student, the School Board shall:
 - i. Presume it is in the homeless student's best interest to remain in the school of origin, unless doing so is contrary to the wishes of the parent, guardian, or unaccompanied youth.
 - ii. Consider student-centered factors related to the student's best interest, including the impact of mobility on achievement, education, health, and safety and giving priority to the request of the student's parent or guardian or the unaccompanied youth when determining best interest.
 - iii. Provide a written explanation, including a statement regarding the right to appeal, to the homeless child's or youth's parent or guardian, or in the case of an unaccompanied youth, the unaccompanied youth, in a manner and form understandable to the parent, and to the extent feasible in the native language of such parent, guardian or unaccompanied youth, if the PBCSD

determines it is not in student's best interest to attend the school of origin or a school requested by the parent or guardian, or unaccompanied youth. [McKinney-Vento Act under 42 U.S.C. § 11432 (g)(3)(B)].

- iv. In the case of an unaccompanied student, ensure that the PBCSD's homeless education liaison helps in placement or enrollment decisions, considers the views of the student, and provides notice of the right to appeal placement and enrollment decisions [McKinney-Vento Act under 42 U.S.C. § 11432 (g)(3)(B)].
- v. The choice regarding placement shall be made regardless of whether the student lives with the homeless parent or guardian or has been temporarily placed elsewhere [McKinney-Vento Act under 42 U.S.C. § 11432 (g)(3)(F)].
- vi. The requirements of the PBCSD's Student Assignment Plan for students moving their physical residence from one attendance zone to another, to transfer to a school in the new zone of residence, shall not apply to homeless students.

7. Enrollment

The school selected within the PBCSD, based on the process outlined within Paragraph 6 above, will immediately enroll a homeless student, new to the district, even if they do not have the documents usually required for enrollment, such as school records (includes Individualized Education Plan-IEP), prior academic records, immunization, medical records, birth certificates, or proof of residency or guardianship, or uniform or dress code requirements, or outstanding fees, fines, or absences; and even if the student has missed an application or enrollment deadline for a program for which the student meets eligibility criteria during any period of homelessness.

- a. If a homeless student arrives without records, the assigned school's Guidance Department shall assist the family and contact the previously attended school system to obtain the required records.
- b. The assigned school's Guidance Department shall immediately refer the parent or guardian to the PBCSD homeless education liaison or other McKinney-Vento Program staff members, who will help in obtaining necessary immunizations or other required health records or medical records if the student needs to obtain these records.
- c. A homeless student is considered a resident of the County if the child or youth is personally somewhere within the district to live here temporarily, but not necessarily to remain permanently. Homeless students who do not live with their parents or guardians may enroll themselves in school.

8. Guardianship and Caregivers

- a. Although a school should immediately enroll a homeless student, even if there is no proof of legal guardianship at the time of initial enrollment, the legal guardian shall be asked to present to the school all court order(s) showing his/her appointment as a guardian of the student, within a reasonable period of time.
- b. If a homeless student is not accompanied by a parent or guardian at the time of enrollment, once he or she is enrolled in and attending a school, the person acting as a caregiver or the unaccompanied youth will be asked to complete the PBCSD's Caregiver Authorization form (PBSD [2369](#)), within a reasonable period of time. This form is incorporated herein by reference as part of this policy and can be located on the [PBCSD's forms website](#).

9. Disputes [McKinney-Vento Act under 42 U.S.C. § 11432 (g)(3)(E)].

If a dispute arises over eligibility, school selection, or enrollment in a school:

- a. The student shall remain enrolled in the school of origin or shall be immediately enrolled in the eligible school in which enrollment was requested. This includes the school zoned for the address where the student is temporarily residing or another school which students residing in the attendance zone are eligible to attend, pending final resolution of the dispute, including all appeals. The student will receive all services for which he or she is eligible until all disputes and appeals are resolved;
- b. The parent, guardian, or in the case of an unaccompanied youth, the youth shall be provided with a written explanation, in a manner and form understandable to the parent, guardian or unaccompanied youth, of the PBCSD's decision regarding eligibility, school selection or enrollment, including the rights of the parent, guardian or unaccompanied youth, to appeal the decision;

- c. The parent, guardian or in the case of an unaccompanied youth, the youth shall be referred to the PBCSD's Homeless Education Liaison, who shall ensure the resolution process is carried out in accordance with District and State requirements, and as expeditiously as possible after receiving notice of the dispute.

10. Records

All records of homeless students including records related to a homeless student's living situation are subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Board Policy 5.50 Student Education Records; and shall be treated as a student education record and not deemed to be directory information and shall be maintained and made available in a timely fashion to be transferred promptly to the appropriate parties, as required when a student enters a new school.

11. Transportation

The School Board shall ensure at the request of the parent or guardian, or in the case of an unaccompanied youth, the PBCSD's Homeless Education Liaison, transportation will be provided for a homeless student to and from the school of origin as follows:

- a. If the homeless student continues to live in the area served by PBCSD in which the school of origin is located, the student's transportation to and from the school of origin will be provided and/or arranged for by the PBCSD. Transportation must be provided to or arranged for the student unless the student is residing in a location within the school zone's walking distance,
- b. If the homeless student moves to an area served by another school district, though continuing his or her education at the school of origin within PBCSD, PBCSD and the school district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. 42 U.S.C. § 11432 (g)(1)(J)(iii)(II).
- c. If the school districts cannot agree upon such a method, the responsibility and costs must be shared equally.
- d. Alternate methods of transportation may be offered, e.g., Palm Tran, or the parent/guardian may be reimbursed for providing transportation.

12. Comparable Services

Each homeless student shall be provided with services comparable to other students in the selected school [McKinney-Vento Act under 42 U.S.C. §11432 (g)(4)], including:

- a. Transportation services;
- b. Educational Services for which the student meets the eligibility criteria, including special education and related services and programs for English language learners;
- c. Vocational and technical education programs;
- d. Gifted programs;
- e. School nutrition programs (all identified homeless students are entitled to free meals per McKinney-Vento);
- f. Title I, Part A;
- g. Before- and After-School programs, for which the student is eligible [McKinney-Vento Act under 42 U.S.C. § 11432 (g)(1)(F)(iii)]; and
- h. Preschool programs, if eligible [McKinney-Vento Act under 42 U.S.C. § 11432 (g)(6)(A)(iii)];
- i. Counseling services for unaccompanied youth to prepare and improve their readiness for postsecondary education; and
- j. Appropriate credit for full or partial coursework completed at a prior school.
- k. Contingent on the availability of grant funds, the School Board may provide additional services, including but not limited to: Tutoring, (at shelters, Title I and non-Title I schools), school supplies, school uniforms/shirts, mentoring, summer programs.

13. Homeless Education Liaison

The PBCSD's Superintendent shall ensure that there is a PBCSD Homeless Liaison to carry out the duties described in the McKinney-Vento Act for homeless children and youth and his/her duties are communicated to PBCSD and school personnel responsible for the provision of education and other related services and appropriate community agencies and providers. The Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth, as well as with local social service and community agencies and housing authorities to provide support to homeless students and their families.

MARKETABLE DONATIONS DISPOSITION POLICY

South Tech Preparatory Academy, Inc. (the "Academy") will accept voluntary donations of materials or equipment ("Marketable Donations") from individuals or organizations for the enhancement of programs offered by the Academy. Marketable Donations shall be subject to the approval of the Academy's Governing Board (the "Board") as set forth below and will only be accepted under conditions acceptable to the Board.

The Board establishes the following conditions for the acceptance and disposition of Marketable Donations. Other conditions may be set as the Board sees fit.

1. All Marketable Donations become property of the Academy and shall be accepted without obligation relative to use and/or disposal. The Academy may use, sell, exchange, donate, or otherwise dispose of the donated property as set forth herein and upon such terms as are most economically advantageous to the Academy, as determined by the Academy.

3. Marketable Donations will be accepted only when it is reasonably expected they can be converted into cash within a reasonable period of time or when the Academy is able to use the property in its operations. Generally, six months to one year shall be considered a reasonable amount of time for conversion of the property to cash. 6. Unless the Board grants a specific exception, the Academy will not accept any Marketable Donations that:

 - Contain a condition that the proceeds will be spent by the Academy for the personal benefit of a named individual(s).
 - Inhibit the Academy from seeking donations from other donors.

SOUTHTECH PREPARATORY ACADEMY, INC. ELIGIBILITY REQUIREMENTS

1. Students to be Served
 - a. SouthTech Preparatory Academy, Inc. will serve those students who are or whose parent(s) or legal guardian(s) are residents of Palm Beach County, Florida, or other districts with whom inter-district agreements exist with the Charter School's Sponsor. SouthTech Preparatory Academy, Inc. will focus recruiting efforts on incoming ninth grade students, but will consider accepting upper grade students on a case-by-case basis according to career academy program enrollment space availability.
 - b. SouthTech Preparatory Academy, Inc. shall enroll an eligible student who submits a timely application, unless the number of applications exceed the capacity of a program, class, grade level or building. In such case, all eligible applicants shall have an equal chance of being admitted through a random selection process after those eligible students entitled to preference under Florida Law are admitted. {Students entitled to preference are delineated in 1002.33 (10).}
 - c. The Academy shall be non-sectarian and non-discriminatory in its programs and admission policies and shall act in full compliance with all State and Federal legal requirements for race and gender equality.
2. Eligibility Requirements
 - a. Any student may be recommended for admission to SouthTech Preparatory Academy, Inc. by the home school teacher, counselor, and/or occupational specialist.
 - b. All students must complete and submit a timely application including evidence of:
 - i. Acceptable Discipline Records (Define)
 - ii. Acceptable Attendance Records (Define)
 - iii. A willingness of students and parents to commit to a four-year program of study consisting of a minimum of 24 credits as a graduation requirement
 - iv. Parents/Guardians and students must sign the handbook acknowledgement of acceptable behavior, to be in regular attendance, and to achieve levels of academic performance required to meet graduation requirements. Failure to meet requirements will result in escalating discipline and/or tutorial participation, including mandatory homework and other academic exercises, until the student is on-track for graduation. As part of this acknowledgement, parents/guardians are strongly encouraged to become members of the School Improvement Steering Committee and participate in the scheduled parent training opportunities.
 - v. Applicants who do not have a 2.0 Grade Point Average or Level 3 Core Subject Area State Assessments will be placed in rigorous tutorial programs which may include an extended school day, Saturday school, special mandatory homework, or other remedial efforts, according to need. Parents and students will also be advised that any and all intensive (remedial) coursework will only count for elective credit. These rigorous remedial exercises will be explained to the students and their parents/guardians both in writing and through a mandatory orientation session which will be attended prior to the application being validated and entered into the lottery system. Both the written explanation and orientation session will be conducted in the applicant's native language, if possible. Applicants and parents/guardians must sign an acknowledgment to follow the remedial plan, which will be formalized as an Individual Student Educational Plan (ISEP), to validate the application and to have the application entered into the lottery process.

SOUTHTECH PREPARATORY ACADEMY, INC. ELIGIBILITY REQUIREMENTS

Applicants and parents/guardians who will not make the commitment for student remediation through signing the Agreement to enter into the ISEP will not be entered into the lottery process.

- vi. Fla. Statutes prohibit using Academic Performance as a condition of student enrollment or withdrawal. While not eligibility requirements, parents and students will be informed, in writing, of the importance of proficiency in State Assessments and academic performance as indicated by Grade Point Average. Standardized Test Scores of at least a Level 3 or greater on Core Subject Area State Assessments are a requirement for earning a high school diploma. Test scores lower than Level 3 may also lessen the student's probability of earning career education certification or licensure - a major emphasis of SouthTech Charter Academy, Inc, as such certifications are based on passing rigorous subject matter examinations. A 2.0 Grade Point Average is another graduation requirement and is necessary for success in SouthTech Preparatory Academy, Inc.'s rigorous academic and career education curricula.

3. Waivers

- a. Upon review by the School Superintendent and appropriate staff, a discretionary and conditional waiver may be granted for students failing to meet one or more of the eligibility requirements.
- b. Waiver shall not be granted to any student with a prolonged record of aggressive misconduct or behavior deemed to be disruptive to the education process of other students.
